Benefits Offered: 401K, Dental, Life, Medical, Vision
Employment Type: Full-Time/Exempt

Overview

The individual in this position will oversee the development of business-aligned software solutions.

Behavioral Expectations

- Identify and seek personal and professional growth opportunities and proactively contribute to the success of the team and company.
- Courageously adapt, celebrate the achievements of others, and take pride in doing quality work.
- Develop and leverage self-awareness and self-management to establish and maintain genuine relationships with colleagues, leadership, and external stakeholders.
- Proactively learn about and consciously leverage your unique and powerful Strengths in a manner that supports cohesion and company-wide success.

Tactical Objectives

- Own multiple product roadmaps and assure alignment with business priorities and organizational health initiatives.
- Appropriately align the order of the items in the Product Backlog to achieve business goals best.
- Work in collaboration with Data and Development team members, which include employees and contractors, to optimize the value of work performed by the Data and Development team.
- Ensure that the Product Backlog is visible, transparent, and clear to team members, stakeholders, and individuals that may be involved in or impacted by the Product.
- Be available as an SME for the development of Business Requirements.
- Collect and appropriately utilize stakeholder feedback through each stage of software development.
- Prioritize and manage the Renalogic Development backlog through pre-sprint planning with stakeholders.
- Determine and lead sprint activities in a manner that aligns value, product vision, and business initiatives.
- Collaborate and report to Stakeholders regarding sprint progress and walk relevant individuals through user demos.

Required Skills, Abilities, Experience, Education/Certifications

- Must have at least three years of product management/product development experience. Some SCRUM experience desired.
- Must have at least an A.A./A.S. in a related field.
- Must be able to pass a background and reference check successfully.
- Must have access to reliable internet and power.
- Must have a strong working knowledge of all MS Office Suite products, particularly Word and Excel.
- Must have a dedicated workspace where you can effectively engage in work-related activities without unnecessary interruptions.

Physical, Mental, and Sensory Capabilities

- Be able to speak, write, and communicate fluently in English.
- Be able to learn, retain, and utilize data and information.
- Be able to learn and utilize new technologies to fulfill job functions.
- Be able to recognize, understand, and respond to written and spoken words, understand facts and figures, and adhere to established processes.
- Be able to effectively use a variety of peripherals, such as a printer, scanner, computer, phone, etc.
- Be able to pick up, lift, assemble, carry, and move objects and equipment of up to 30 pounds.
- Be able to maintain sustained concentration on computer screens.
- Be able to engage in some overnight and day-long business trips.

We are proud to be an Equal Opportunity Employer. All individuals will be required, once hired, to successfully pass a background, reference, and education verification process and must demonstrate that they are legally authorized to work in the United States.
